

SUPPORTING THE ARTS FOR 75 YEARS.*

* We hereby recognize that "support" has a myriad of definitions. For the purpose of this advertisement, every mention of "support" or any variant thereof (e.g. "supporting," "supported") is to mean "to provide for or maintain, by supplying with money or necessities." Pursuant to the terms "arts," or "art," or "artist," or "artists," we are referring to any or all of the performance arts (examples include symphony, opera, theater, ballet, musicals), or the performers and performances of said performance arts. A "year," or "annum," is the measurement of the period of time in which the earth makes a complete revolution around the sun. The afore-mentioned complete revolution typically takes slightly less than 365.25 days, creating a necessity for a "leap year" every four years. A leap year is 366 days.
